

## presto Wheel Cleaner

## Technical Information

Intensive cleaner for rims and hubcaps. Powerful cleaning of typical contamination by brake dust and road grime. Regular use prevents the development of stubborn dirt.

Ord.-no: 383328, 383281

### Quality & properties

- Quick & highly effective
- Excellent cleansing properties
- User-friendly
- Provides real value retention
- High stability
- Gives a glossy result

### Physical & chemical data

- Base: Special resin
- Colourname: transparent
- Surfaces: rims, hubcaps
- Minimum Working Temperature: 5 °C
- Maximum Working Temperature: 30 °C
- Flash point:
  - 100
  - n.a.
- Storage stability:
  - 5 y
  - 10 y
- Content:
  - 500 ML
  - 600 ML

### How to use

Bring the can to room temperature / Operational temperature 5 to 30°C.  
Shake before use.  
Generously apply presto Wheel Cleaner and allow to take effect.  
Remove the dirt with a wheel cleaner brush and rinse thoroughly.  
When thoroughly rinsed, safe for tyres and brake parts.

### Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

### Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

### Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

**As of May 7, 2025** – This release replaces all eventually earlier issued versions.
