

presto Disposable Quick Sieve

Technical Information

presto disposable quick sieves are ideal for wet and dry sieving.

Ord.-no: 611005, 611012

Quality & properties

Clean and exact
Resistant to solvents and water
For solvent-based and water-soluble paints

Physical & chemical data

Colourname: white
Flash point: n.a.
Storage stability: 10 y

How to use

The quick sieve 260 μ (orange) is the standard sieve for solvent-based and water-soluble paints or primers.
The quick sieve 190 μ (yellow) is a medium-fine fabric for solvent-based and water-soluble clear coats.

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

As of May 7, 2025 – This release replaces all eventually earlier issued versions.
