presto Adhesive Remover

Technical Information

presto Adhesive Remover removes quickly and easily label and adhesive residue on treated and untreated parts of metal, glass, wood, stone and various types of plastics. With the low rate of evaporation the adhesive remover has a good solvency, so it allows a highly efficient and economical use of the product.

Ord.-no: 384257, 365638

Quality & properties

Raises stickers, adhesive residue, etc.
Ideal for windows and painted surfaces
Gentle on materials and residue-free
Long-lasting ability to solve
Ideal for automotive and household
Non corrosive

Physical & chemical data

Base: Citrus terpene
Colourname: transparent
Surfaces: treated and untreated parts of metal, glass, wood, stone and various types of plastics.
Minimum Working Temperature: 5 °C
Maximum Working Temperature: 30 °C
Flash point: n.a.
Storage stability: 10 y
Content:
  ◦ 150 ML
  ◦ 500 ML

How to use

Bring the can to room temperature.
Operating temperature 5° to 30°C.
Shake before use.
Before using, check the compatibility of the product
Spray evenly paper stickers and adhesive residue and leave for a few minutes. For application on plastic sticker spray the edges and leave for a few minutes.
Remove the dissolved adhesive residues.
Wipe treated area with a clean, lint-free cloth.

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

As of May 7, 2025 – This release replaces all eventually earlier issued versions.
