

presto Insect Cleaner

Technical Information

Intensive cleaner to remove insects. Quick and easy to apply. Insect cleaner has excellent cleansing properties and is safe for plastic and lacquered parts.

Ord.-no: 383342, 383359

Quality & properties

- Softens the insect soilings
- User-friendly
- Contains tenside
- Safe for plastic and lacquered parts
- Slightly basic

Physical & chemical data

- Base: Special resin
- Colourname:
 - transparent
 - white
- Surfaces: vehicle outside
- Minimum Working Temperature: 5 °C
- Maximum Working Temperature: 30 °C
- Flash point:
 - 61
 - n.a.
- Storage stability:
 - 5 y
 - 10 y
- Content:
 - 500 ML
 - 600 ML

How to use

- Bring the can to room temperature / Operational temperature 5 to 30°C.

- Remove the dirt, when necessary with a bug shifter.

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

As of May 7, 2025 – This release replaces all eventually earlier issued versions.
