

## presto Rubber- & Plastic Conditioner

Ord.-no.: 383441

### Technical Information

Spray for the care and protection of rubber and plastic parts. Restores faded colors of rubber and plastic parts on the outside of vehicles on again. Provides a shiny appearance.

#### Quality & properties

- Prevents freezing of rubber parts
- Prevents drying out of rubber parts
- Protects and preserves rubber and plastic parts
- Also for removing polish residues
- Protects against weather influences
- Intensifies the color
- Contains silicone
- pH-neutral

#### Physical & chemical data

- Base: Special resin
- Colourname: transparent
- Smell: Lemon
- Surfaces: Rubber and plastic parts.
- Minimum Working Temperature: 5 °C
- Maximum Working Temperature: 30 °C
- Vapour pressure: 3500/20 bar
- Storage stability: 10 y
- Content: 600 ML

#### How to use

- Bring the can to room temperature / Operational temperature 5 to 30°C.
- Shake before use.
- The surface should be clean and dry.
- Apply Rubber- & Plastic Conditioner in a thin, equal layer and polish with a soft cloth.

#### Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

#### Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

#### Marking/Labeling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

For any further technical questions call our hotline +49 (0) 62 66 75-266 from Monday to Thursday from 9 h a.m. to 3 h p.m. or on Friday until 12 h p.m.

**As of August 17, 2022** – This release replaces all eventually earlier issued versions.
