

## presto Tyre Sheen Foam

Ord.-no.: 157189

### Technical Information

presto Tyre Sheen Foam for effortless cleaning and care of vehicle tires in just one operation. Simply spray on and let it work. The tires get back the color depth, are supple and sustainably protected against fading and embrittlement.

#### Quality & properties

- Makes tyres look like new
- Self-acting foam removes residues of dirt
- Does not attack rims, wheel covers and lacquer
- Long-lasting silk shine and suppleness
- Tyres pollute less
- Contains silicone
- Protects from bleaching and embrittling

#### Physical & chemical data

- Base: Polydimethylsiloxane emulsion
- Colourname: white
- Smell: Characteristic
- Surfaces: vehicle tires
- Minimum Working Temperature: 5 °C
- Maximum Working Temperature: 30 °C
- Vapour pressure: 3500/20 bar
- Relative density: 0.97 g/ml
- Storage stability: 10 y
- Content: 500 ML

#### How to use

- Bring the can to room temperature.
- Operating temperature 5° to 30°C.
- Shake can vigorously before use.
- Spray foam evenly on the tire flanks and let it work.
- If necessary, rub lightly with a cloth. No polishing required.
- Also applicable immediately after the car wash on wet tires.
- Do not spray brake parts, treads, motorcycle and bicycle tires!

#### Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

#### Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

#### Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.
